

DIY Seaweed Face & Lip Care

[www.vitaminseaweed.com](http://www.vitaminseaseaweed.com)

Rose Lip Scrub

2 tbsp. Sugar, fine

Rose Petal Powder/Dried Rose Petals

1 tsp. Irish Moss Powder

1 tbsp. Coconut Oil

½ tbsp. Honey

6 drops Rose Essential Oil

Natural Colorant: Pink Mica/Rose Petal Powder

3-4 drops Vitamin E Oil

Small Bowl

Small Containers

Add finely ground sugar or brown sugar to a small bowl. If sugar is coarse, use a food processor to grind into a fine powder. If making a rose petal lip scrub, add a spoonful of rose petal powder or a sprinkle of dried rose petals. Grind or lightly chop the rose petals into smaller pieces first.

Add the coconut oil, honey and Irish moss powder. Mix well to incorporate and thoroughly coat the sugar. Add the essential oils, mix well once again. Then add your natural colorant and vitamin E oil. Mix thoroughly to incorporate the color evenly. Transfer the lip scrub to small glass containers or lip balm tins, and seal well.
